**SIDORA®**  
HEALTH CONCEPT

SIDORA was created by founders with extensive experience in the wellness and recovery industry.

With a deep understanding of quality, comfort and design, they carefully select every product and manufacturing partner.

Our philosophy is simple: there is no one perfect chair for everyone. Different people have different needs and we offer the right solution for each of them. SIDORA stands for thoughtful wellness technology that helps people relax, recover and enjoy their living space.

Miore brings comfort, technology and a deep muscle massage together in one elegant chair.

A perfect balance of functionality and relaxation for your home.

# LOVE WHERE YOU LIVE

## 4D Massage Technology

The advanced 4D massage mechanism replicates the precise movements of a professional massage therapist. The system moves in multiple dimensions while dynamically adjusting depth, speed, and rhythm to deliver a deeper and more natural massage experience.

**4D Technology**  
forward • backward • up •  
down • side to side

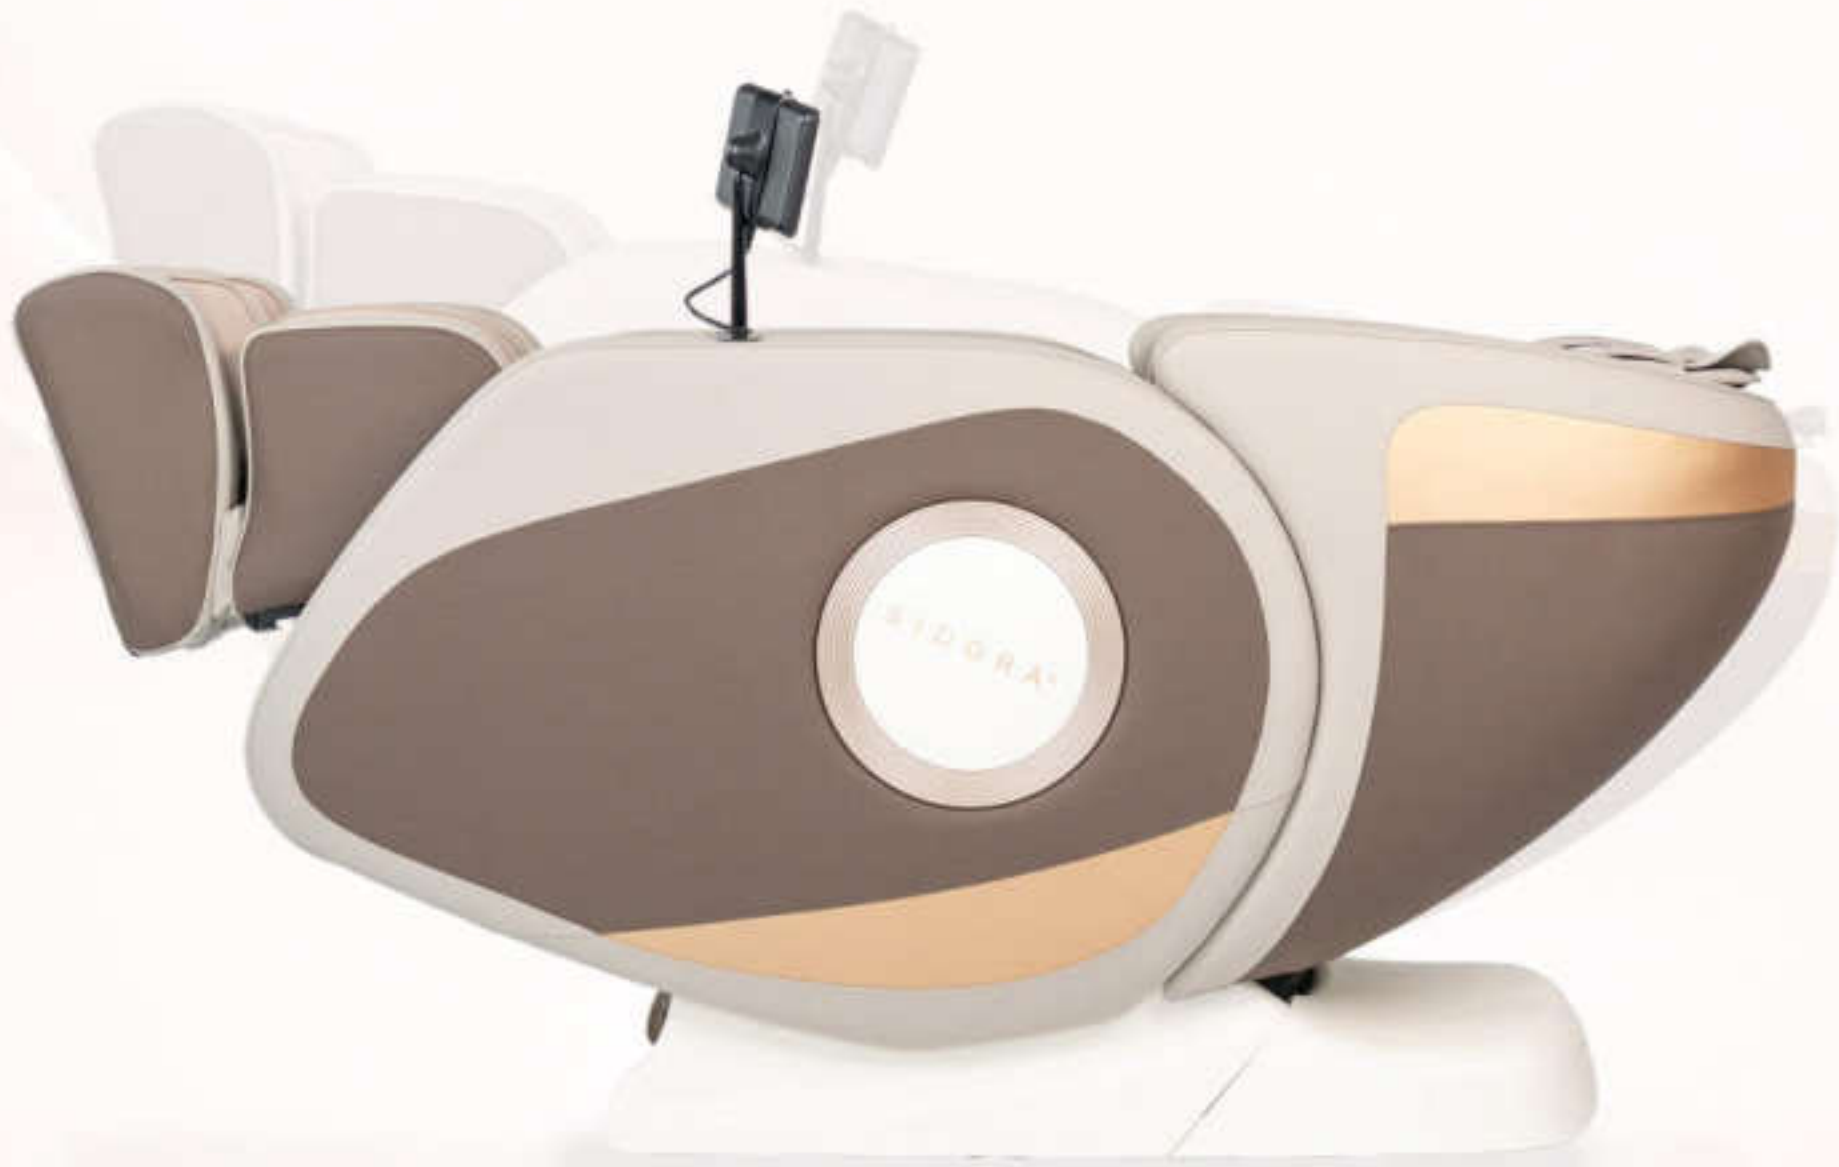

**Adaptive depth**  
Adjusts the intensity to  
every body.

**Real hands feeling**  
Natural massage  
rhythm

# Zero Gravity

The massage chair features 30 automatic programs designed to provide a fully personalized relaxation experience—from gentle relaxation to deep muscle recovery. Additionally, the Zero Gravity function elevates the body into an optimal position with the legs above heart level. This helps distribute body weight evenly, relieve pressure on the spine, reduce muscle tension, and improve circulation, enhancing the overall massage effect and promoting deep relaxation.

**Backrest Recline**  
Optimized body position for maximum

**Reduced Pressure on the Spine**  
Even weight distribution across the entire body.

**Zero Gravity Relaxation**  
Deep relaxation with minimal muscle tension.

The advanced automatic leg rest extension system seamlessly adapts to your leg length, providing perfect support and exceptional comfort. The telescopic accordion mechanism operates smoothly and quietly, delivering a refined, fully personalized experience.

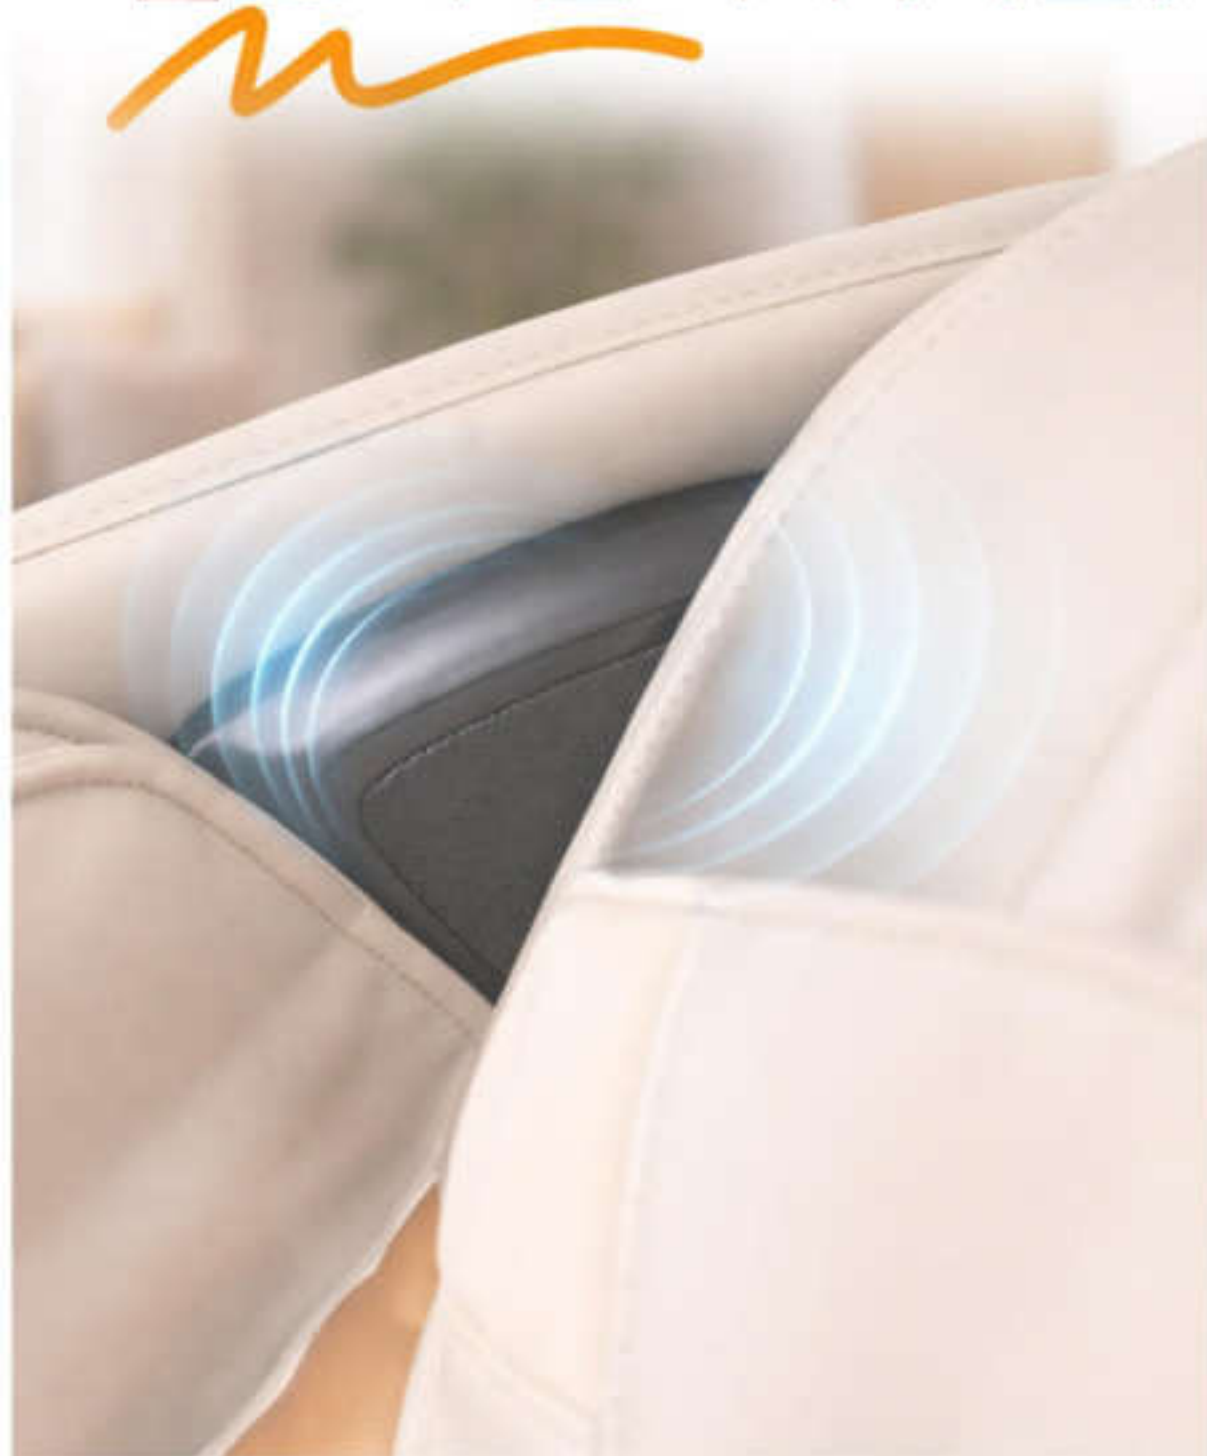

Designed with precision and comfort in mind, the SIDORA forehead cushion delivers targeted compression exactly where tension most commonly builds- on the forehead. Gentle, controlled pressure gradually relaxes the muscles, helping to calm the mind and reduce stress within moments.
